RCE Capital Berhad donates medical equipment worth RM52,200 to Hospital Tengku Ampuan Rahimah

Handover Ceremony at Hospital Tengku Ampuan Rahimah on 22 July 2025.

KLANG: RCE Capital Berhad (“RCE”) donated medical equipment to Hospital Tengku Ampuan Rahimah (“HTAR”). This initiative is part of our corporate social responsibility program, aimed at supporting HTAR in enhancing the quality of its healthcare services.

The medical equipment worth RM52,200 consist of 1 unit of Hemo Dialysis Machine 4008S Next Generation and 1 unit of Liquid Nitrogen Storage Dewar 20L. These medical equipment are crucial for various purposes such as delivering high quality hemodialysis treatment and storing liquid nitrogen for medical or laboratory use.

HTAR is a government hospital in Klang established since April 1985, which provides primary and selected tertiary healthcare services. The hospital is equipped with medical facilities of over a thousand of inpatient beds and 20 clinical disciplines. HTAR also provides medical training facilities for University of Malaya medical students, and Management and Science University Malaysia.

Over the years, RCE has been focusing on promoting health awareness through various medical equipment donations. To-date, RCE donated close to RM932,000 worth of medical equipment to 8 government hospitals: HTAR, Hospital Sungai Buloh, Hospital Ampang, Hospital Kuala Lumpur, Hospital Putrajaya, Hospital Umum Sarawak, Hospital Sultan Idris Shah Serdang, and Hospital Selayang. RCE is hopeful that these contributions could help alleviate the burden of our healthcare system on heavy load of medical cases and provide sufficient medical treatment to the patients.
