## Rumah Victory Elderly Home Expansion

**SELANGOR:** Rumah Victory Elderly Home held a fundraising exercise to raise funds to purchase the adjacent property to their current home. Representatives of some donors attended a cheque presentation ceremony to hand over mock cheques to Mr Loo Choon Teong, Chairman of the Organizing Committee of Expansion of Elderly Home. Yayasan Azman Hashim (“YAH”) presented a cheque of RM150,000 to Rumah Victory Elderly Home.

There are currently about 54 elderly people and 70 staff members in the Rumah Victory Elderly Home. The expanded property can accommodate 100 elderly people and also allows the elderly to have more space and improve their quality of life.

YAH and Rumah Victory first collaborated in 2017. Our Group of Companies usually have our annual Chinese New Year celebrations in our office, where we will invite residents from old folk homes to join us. In year 2017, we invited Rumah Victory and that was how we first became friends with Rumah Victory.

Following that, we were invited by Rumah Victory to visit their drug rehabilitation centre and children home. In that same year, we also invited the children from Rumah Victory’s Children Home to our Hari Raya gathering. We then bought a van for their Children Home and the van is still being used today. In 2018, we also joined Rumah Victory’s Fund Raising Dinner. Over these years, we have been in close touch with Rumah Victory and have given some support whenever we can, to help them with the good work they are doing.

May the good work of Rumah Victory continue!
